

Super II[™]

ENERGY EFFICIENT
HIGH-PERFORMANCE PUMP SERIES

Performance of a lifetime

Power your system with the energy efficient, Super II pump series from Hayward.® These efficient, high performance pumps are built to last and engineered to perform even under the most demanding conditions.

Convenient features include a see-through cover so pool owners know exactly when to empty the extra-large debris basket. Performance features include full-flow hydraulics that allow greater flow at a lower cost of operation and a housing design that makes it as quiet as it is dependable.

See-Through Lexan Strainer Cover
Lets you see when basket needs cleaning and eliminates guesswork. This basket has rigid construction including load-extender ribbing for free-flowing operation.

Full Flow Hydraulics
allow greater flow at a lower cost of operation.

Self-Priming
Suction lift up to 3M above water level.

Service-Ease Design
Simple access to all internal parts. Motor and entire drive group assembly can be removed, without disturbing pipe or mounting connections, by disengaging just six bolts.

Heavy-Duty, High-Performance Motor
with airflow ventilation for quieter, cooler operation.

Uni-Bracket Mounting Base
provides stable, stress-free support, plus versatility for any installation requirement.

Heat-Resistant, Industrial-Size Ceramic Seal
is long-wearing and drip proof

OVERALL DIMENSIONS	MODEL	Input watts	HP	Length (mm)	Width (mm)	Height (mm)	Pipe (mm)	Noise db@1m
	SP3007AQ	904	.75	550	238	320	50	62
	SP3010AQ	1070	1	550	238	320	50	62

Super II Basket

is more like a bucket. The Super II Pump Series features impressive leaf-holding capacity. Rigid construction includes load-extender ribbing for free-flowing operation, even under extra-heavy debris loads.
